

## **DR I.D.Mall**

**Prof. Indra Deo Mall Former Professor & Head Department of Chemical Engineering, Indian Institute of Technology Roorkeeis, Distinguished Professor and Head Chemical Engineering in University of Petroleum and energy Studies. He holds bachelor, Master and Ph.D. Degree in Chemical Engineering from Banaras Hindu University. Before joining Indian Institute of Technology Roorkee (Formerly University Of Roorkee), he worked in Orient Paper Mills Brajrajnagar. He has published/presented more than two hundred five research papers in International & National journals and conference proceedings with more than 6262 citations with h-index: of 38 . He has published two books "Petrochemical Process Technology" by Macmillan (Reprint 2015/16, Second edition 2017 Laxmi Publication by Trinity Press) and "Petroleum Refining Technology" by CBS publication 2016. He has contributed web course and video course (available on You tube) on Chemical technology (organic) under NPTEL Programme. He has also contributed chapters in Corrosion Hand Book published by Associated (data) publications and Electro Chemical society of India. He has also contributed two chapters in other books. Engaged in academic and Research activity and writing book on Chemical Process Industries. He is Fellow of Institution of Engineer (India) and IChE, Life Member of Indian Pulp and Paper Technical Association and Indian Association of Air Pollution Control. He has been closely associated with Chemical Technology, Petroleum and Petrochemical, Environmental Engg. Courses at Indian Institute of Technology, Roorkee. He has organised more than twenty courses/training programmes for field engineers and teaching faculty in the area of Petrochemicals, Hydrocarbon Engineering, Corrosion Engineering, Environmental Impact Assessment, Energy Management under Continuing Education Programme, QIP scheme and AICTE staff Induction Training Programme. He has participated in large number of short term courses and training programmes as resource person He has visited several countries. He has guided large number of M.Tech. and 11 Ph.D. Students. He has completed many research projects He was member of peer committee for development of EIA guidelines, Govt of India and prepared the two EIA manual for Petrochemical industries and petrochemical based chemical industries, He was Member of Peer committee for Chemical Engg. IIT B.H.U. He has visited large number of Petroleum, Petrochemical Complexes and other Inorganic and Organic chemical industries. He has received Three prestigious awards -the Institution Of Engineers Nawab Zain Jung Bahadur Memorial Medal 1996-1997 in the area of environment and the Journal of Solid Waste Technology and Management, U.S.A. "Russell Ackoff Award", 2003 and Society of Geoscientists and Allied Technologies "Best paper award in 2013" and "Guest of Honour" at Invertiies University Bareilly International conference 2017 and expert lectures in 2017- 2018 in various universities and Institute. Member of Advisory Committee by CSE for Green Rating of Fertiliser Industry 2017-18, a UNDP & MOEF project. He had been member of board of studies of number of Universities and Institutes and presently also actively engaged in academic activities of various institute and universities as expert.**
