

**Shri Santanu Gupta**  
**Chief General Manager IC (AE&SD), IOCL**

Shri Santanu Gupta is working as Chief General Manager IC (Alternate Energy & Sustainable Development) at IndianOil Corporation Limited. He has over 30 years experience in the field of Petroleum Marketing, International Marketing, Alternate Energy and Sustainable Development.

A Post Graduate in Business Management from IIM, Calcutta, Shri Gupta had completed his Graduation in Engineering from IEST- Shibpur (Formerly Bengal Engineering College).

He has worked in Refineries & Marketing Divisions of IOCL and also held positions in Aviation, Marketing Operations, Logistics & SCM, International Marketing in Mauritius and Alternate Energy & Sustainable Development verticals.

In his present assignment, he is actively involved in increasing the portfolio of IndianOil in the areas of Solar, Wind, Nuclear, Bio-fuels, Compressed Biogas, waste to energy, 2G/3G ethanol etc. along with planning and monitoring sustainable development and climate change mitigation & adaptation activities. He has been instrumental in IndianOil's foray in implementation of Ethanol Blending in Petrol, Biodiesel Blending in HSD and actively involved in Policy formation initiatives of GOI in the field of Biofuels.

At present Mr. Gupta is working on various projects on production of Compressed Biogas from various waste streams, 2G Ethanol, Biodiesel from Used Cooking Oil and advanced biofuels and also exploring opportunities in electric mobility towards setting up charging stations and battery manufacturing facilities.
