| Career Objective  |
|---|
| To be employed as an engineer in a sector where I can effectively use my skills and talents to advance both personally and professionally in order to benefit the company. I'm looking for the chance to work for a company that will enable me to expand my knowledge and reach my full potential by exposing me to a variety of industry facets. I'm open to investigating a broad range of opportunities that may aid in my perspective-gaining. |
