Open Web Application Security Project (OWASP), RGIPT SC Technical Head <ul style="list-style-type: none">Responsible for all Technical Assistance in the chapter.Developed a Web App for an Event THE UNSUNG HEIR. (https://the-unsung-heir.web.app/#/).	Jun'22 - Present

Projects

Shopping App

A Shopping App made using **Flutter, Dart, Firebase and Android Studio**.

- The app aims to bridge the gap between sellers and consumers by creating a unified platform for them.
- Simplified UI with ease of adding and buying products in the app.
- Used Realtime Firebase for fetching and adding products and Authenticated Firebase for LogIn and SignUp part.
- Used Google Firebase for backend.

Gate Pass App (on going)

It is a gate pass app for students of my college using **Flutter, Firebase and Android Studio**.

- Students can use this app to request gate-pass from the hostel office.
- Working on this app to modify into a full fledged College Utility App which will include Library Management System, etc

Academic and Extracurricular Achievements

-
- JEE ADVANCED(2020)**- Qualified
 - Selected in AMAZON ML Summer School 2020**- In top 3000 students in india.
 - Recipient of RGIPT Merit Scholarship** - Awarded to top 10% meritorious students of each department.
 - Pupil at CodeForces(max rating:- 1325)**
 - 4 stars at CodeChef(max rating:- 1817)**
 - Cleared Round 1 in JUMPSTART and ELASTIC RUN HACKATHON**
 - Solved more than 600+ problems in CodeChef, CodeForces, LeetCode, InterviewBit etc.**

Positions of Responsibility

CodeChef Student Chapter and E-CELL RGIPT Designer <ul style="list-style-type: none">Responsible for all designing work in these chapters.	Jun'21 - Present
